SUBJECT: DLIELC American Language Course Second Edition & Product Pricing

1. DLIELC is pleased to announce the upcoming debut of its modernized flagship curriculum program, the American Language Course Second Edition Major Revision (ALC2-MR). This new edition is designed to enhance learning outcomes through innovative instructional methods, including content-based instruction, communicative language teaching, task-based learning, and engaging full-color photos and graphics.
2. The first two levels of the ALC2-MR (Books 1-12) will be available starting in March 2025, with subsequent levels to be released over the following months.
3. DLIELC will be adjusting its pricing models to reflect current production, material, and distribution costs, as well as inflation. Book pricing was last adjusted approximately 10 years ago. This upcoming change to pricing structure reflects rising economic factors and allows us to continue providing high-quality material. The prices for the Legacy American Language Course (ALC) and the new ALC2-MR will be as follows:
  - a. Legacy ALC: \$21.50 per book (effective 1 June 2025)
  - b. ALC2-MR: \$25.88 per book (effective upon release)
4. For specific pricing table information, please review our updated Course Catalog and Ordering Materials worksheet on the DLIELC.edu website.
5. As the Legacy ALC products will be phased out in preparation for the ALC2-MR rollout, we encourage customers to submit requests for these products as soon as possible. Please note that supplies of the Legacy ALC are decreasing and will eventually be depleted.
6. We appreciate your understanding and cooperation in this transition. If you have any questions, please contact the 637 International Support Squadron/International Nonresident Flight (637 ISS/INF) via email at <dlielc.nonresident.programs@us.af.mil>.
